

4 Tips for College Freshman Success:

1.) Time Management

This is one of the key skills that will determine your academic and athletic success in college. Make sure you have a reliable alarm and a good day time planner in college.

2.) Read, Read, Read

Read as much as you possibly can before you go off to college. You will have to read everything from your class syllabus to your playbook. Read more now, so you can read faster once you get to school.

3.) Pick The Right Roommate

Roommates are a huge part of your success in your freshman year! It's hard to study, sleep, and stay focused living with the wrong guy. Make sure you and your roommate have the same goals.

4.) Your Playbook is Your New Girlfriend

Coaches play the guys they can trust! Gain your coaching staffs trust by not making mental mistakes at practice. Everywhere you go, people should see you studying your playbook or text books.
